SUMMARY:

Motivated IT student seeking a Frontend Development Internship to apply and improve my skills in HTML, CSS, and JavaScript. I have created multiple web pages through academic assignments and hands-on practice, with a focus on responsive and user-friendly designs. Certified in relevant web development skills and eager to learn new technologies while gaining practical experience in a professional environment.

EXPERIENCE:

- **Frontend Development Projects**

- Built responsive web pages using HTML and CSS.
- Added basic interactivity using JavaScript.

- **Academic Web Development Assignments**

- Developed multiple webpage designs as part of academic assignments.
- Practiced responsive layouts and user-friendly interfaces.

- **Personal Frontend Practice**

- Created and customized websites using HTML, CSS, and JavaScript.
- Improved frontend skills through hands-on practice.
